## PART B - SHORT ANSWERS

### ACTIVITY 1

**Listen and fill in gaps 1b-5b with the right word, as in the example.**

**EX.** *He's my mother's father. He's always been so important to me, and even though he's old now, we still do many things together.*

**01b.** *When we were young she always played with me and looked after me when our parents were busy; she's 5 years older than me, and we are still very close now.*

**02b.** *He's my father's brother, but my father died when I was 5, so he is really like a father to me.*

**03b.** *She was really my favourite when I was at school. I had her in the first class, and she was so kind and helped me learn so many things.*

**04b.** *She's amazing! Our team wasn't very good when she started with us, but now we are probably going to get to the finals. And that's all because of her.*

**05b.** *Sometimes we fight, but really I think she's amazing. She works full time, but she always has time for us. I try to help her as much as possible, because I know it is difficult for her to think about me and my brother, as well as her work.*

### ACTIVITY 2

**Listen and fill in gaps 6b-10b with the right word, as in the example.**

**EX:** *I always wanted to be on the stage – or even better, in films!*

**06b.** *I've always loved playing and when I was young I wanted to do it for a job – you know, play with an orchestra, or even as a soloist. But I wasn't good enough!*

**07b.** *Ah, something like that for me too! Opera – that was what I wanted to be in! Playing all those wonderful roles in amazing costumes! But I didn't have the voice, so I've only been able to be part of a local choir.*

**08b.** *When I was young the women didn't really work, but you know I spent lots of time helping my dad to fix his old car. And I would have loved to work with cars and engines all day as a job! But that kind of thing wasn't something that women ever did in those days....*

**09b.** *[older man] I went to work in an office, but what I really wanted to do was to stay in the village and work with my father. He had a small boat. I loved being at sea, and bringing home the catch every day. And eating what we caught...*

**10b.** *I've always loved working with food. All my friends say that I'm really good, and certainly it's my house they all want to come for dinner! I know it's really stressful to work in a professional kitchen, but I think I could have handled it.*
